

MALLEUS PRENDERE

Seize the Hammer and Drive the Nail

CAPABILITY STATEMENT

ABOUT US

Malleus Prendere LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business specializing in AI-enabled business modernization, automation, and secure technology integration for federal agencies and commercial organizations. Founded by a 20-year U.S. Army veteran with deep expertise in enterprise IT operations, cybersecurity, and cloud infrastructure, we deliver scalable, mission-ready solutions that modernize operations and strengthen organizational resilience.

CORE COMPETENCIES

- **AI-Driven Process Automation** — Intelligent workflow automation, document processing, and decision-support systems that reduce manual workload and accelerate mission delivery.
- **IT Modernization & Cloud Migration** — End-to-end modernization of legacy systems including FedRAMP-aligned cloud migrations, zero-trust architecture, and hybrid infrastructure deployment.
- **Cybersecurity & Risk Management** — Vulnerability assessment, STIG/RMF compliance, security architecture review, and continuous monitoring aligned to NIST 800-53 and CMMC.
- **Technical Program Management** — Full lifecycle program management for complex IT initiatives with rigorous schedule and cost controls.
- **Data Engineering & Analytics** — Data pipeline design, BI dashboards, geospatial analysis, and AI/ML model integration for evidence-based decision-making.
- **Systems Integration** — Interoperability solutions connecting disparate systems, APIs, and data sources into unified operational environments.

PAST PERFORMANCE & RELEVANT EXPERIENCE

U.S. Army — Enterprise Network Operations (20 Years)

Led network operations centers supporting 5,000+ users across tactical and garrison environments. Managed Cisco/Juniper infrastructure, VoIP systems, and classified network segments. Directed IT teams through multiple combat deployments (Iraq, Kuwait).

Triple Canopy / Constellis — IT Infrastructure Lead

Designed and maintained network and communications infrastructure for overseas security operations in high-threat environments.

DHS/TSA via Dexian/DISYS — IT Operations Support

Provided enterprise IT support and systems administration for Department of Homeland Security / Transportation Security Administration programs.

COMPANY DATA

DUNS / UEI: 119236213 / X2NSVA4N1178
CAGE Code: 9X7H4
